Price:	€ 425,000

The Grand Banks 41 Heritage EU, launched in 2008, introduced innovative pod propulsion while maintaining the classic exterior design. Powered by two 425hp Cummins engines, it reaches speeds of nearly 25 knots. The joystick-controlled Zeus pods ensure effortless maneuvering, and the Skyhook system keeps the ship stationary. The interior offers a Galley-up layout, a spacious salon with versatile seating, and five berths. The aft engine placement creates ample storage space below the salon. Mareas combines the innovation of pod propulsion with the timeless style of a Grand Banks vessel.
