With the Eastbay 38 models Grand Banks launched a completely new direction 1994. Their classic Downeast lines and Raymond Hunt-designed hulls, which gave the base for their smooth seaworthy sailing performances, were a departure from Grand Bank's previous trawler heritage.

Eastbay 38 SX 'Spray' with hullnumber 004 - As the only Eastbay 38SX ever build "Spray" is an unique example of the very popular model line and after quite an extensive refit in 2019, including i.e. new bowthruster, new antifouling system, new inverter, etc., "Spray" is ready for delivery to a new owner who is looking for a high quality seagoing cruiser.

A visit including sea trial is highly recommended and will certainly take away your last doubts!
