This Doggersbank 502, designed by Vripack, was built by De Zwaan in Katwijk and has been owned by a professional yacht builder for many years. With two engines and a hydraulic thruster she is well equipped for nice trips and also easy to maneuver. The interior has had the upgrade that makes this boat a beautiful classic. The navigation equipment (log / depth gauge / compass) functioning is limited. Needs an paint job, but can be done for an additional price. The ship is definitely worth a visit given the asking price.
