Grand Banks 42 Classic 'Maxum' with hull number 376 is one of the first Grand Banks yachts built of polyester.

The 'Maxum' is a spaciouly designed ship with sleeping accommodation for no less than 7 people, thanks in part to the dinette in the fresh and cozy salon .

In 2004 she received new Mitsubishi engines, which have only been running for 1000 hours to date. New fuel tanks were also installed at that time. The plotters, depth sounder, autopilot and VHF radio are all from 2005.

In April 2019, she will go dry for a short period of time for a new anti-fouling, anodes and a big cleaning.
