Selene Yachts has built up a very good reputation since 1998 with her classic lined, luxurious and strongly built full displacement seagoing trawlers.

The Selene 49 is a further development of the Selene 48 with the additional features of the Deep Hull, which generates extra headroom in the engine room up to approx. 1.60 meters, and the Cruiser Stern, developed by Ted Hood, which further improves the sailing capabilities at heavy seas.

Selene 49 VASA is the third Selene from a very experienced Selene owner who, after a world trip of 4 years, brought her back in new condition in 2017.

This makes it not only the best and most complete Selene 49 in the market, but also the most beautiful with certainty.
