Grand Banks 42 Classic 'Kahlesand' from 1988 in excellent condition.

The first owner of the GB42 'Kahlesand' was the owner of a Mercedes garage, which is why he opted for the strong MTU Mercedes engines of 216 hp each when building this beautiful ship.

Because the 'Kahlesand' is equipped with a double heating system and partly equipped with thermopane glazing, sailing on colder days is also very comfortable!
