Bültjer 'Voordewind'

LOA (m):	16.30 m
Breedte (m):	4.73 m
Diepgang (m):	1.65 m
Werf:	Bültjer shipyard
Bouwjaar:	1979
Motoren:	1x 220pk MAN
Hutten:	2
Ligplaats:	Nederland
Prijs:	€ 0

"Voordewind" was built as a sailing cutter by the famous German **Bültjer** shipyard.

The current owner made a complete refit in 2000-2001 including rebuilding of the superstructure and the cabins. Also the technical systems, including all electrics and electronics, were build new.

Her nice interior, including i.e. salon, pilot house, 2 cabins and 2 bathrooms, all heated by her Kabola central heating system, make living on board very comfortable and her revised MAN engine, together with her power steering and hydraulical bow thruster make sailing quite easy.

If you love the atmosphere of traditional yachts but also the comfort of a modern yacht, you will find in "Voordewind" your ideal passage maker.
