The Grand Banks 46 Motor Yacht was designed for those who prefer longer stays on board. The well-known displacement hull offers the best of both worlds, with economical and comfortable sailing at about 9 knots.

The ship is suitable for several guests and has two cabins. The layout of the Matador uses the Galley-down layout, giving the ship a large saloon. Technically, the Matador has the popular stabilizers what makes sailing even more comfortable.

In 2021, the matador had a complete refit.
