'' Yesterday '' is with its hull number 1541 one of the youngest Grand Banks 42s ever built. Her current and first owner had her carried out during the construction with a stylish and light interior with, among other things, a high-gloss varnished white wooden ceiling. Her 430pk Cummins engines provide a top speed of 21 knots. The exterior varnish was completely replaced in September 2018 and the whole exterior polished. With this work the "Yesterday" is ready to start a new adventure with her new owner.
